

# JCB Chemicals

Industrial Chemical Manufacturer & Supplier

Reliable Chemical Solutions for Global Industrial Applications

**JCB Chemicals, Gujarat, India.**

## About JCB Chemicals

JCB Chemicals is a Gujarat-based manufacturer and exporter of industrial-grade chemical compounds. We specialize in high-purity nickel, cobalt, chromium, and tin-based chemicals used across multiple industrial sectors worldwide. Our manufacturing practices follow strict quality standards to ensure consistent performance, chemical stability, and dependable supply. We focus on long-term partnerships by delivering reliable products, export-ready packaging, and complete documentation support including COA and MSDS for international shipments.

## Product Portfolio

Nickel Sulphate	Nickel Chloride
Nickel Acetate	Nickel Hydroxide
Nickel Carbonate	Nickel Fluoride
Nickel Nitrate	Nickel Oxide
Stannous Sulphate	Sodium Stannate
Potassium Stannate	Stannous Chloride
Chromium Fluoride	Chromium Formate
Cobalt Chloride	Cobalt Oxide

## Industries We Serve

Water Treatment & Wastewater

Pharmaceuticals & Laboratories

Paints, Coatings & Pigments

**JCB Chemicals, Gujarat, India.**

Oil & Gas Petrochemical Industry

Industrial Manufacturing

Agriculture & Fertilization

## Detergents & Cleaning Chemicals

## Animal Feed & Nutrition
